MH Sequences (cont'd)

Use sequence name in place of message number:

```
% forw todo
To: heather
Subject: Please handle these messages
```

...forwards messages to heather...

```
% rmm todo
% show priority:first
```

...shows first message in "priority" sequence...

MH can keep unread messages in *unseen* sequence:

- Added to sequence by *inc* command
- Removed from sequence by *show*, *next*, *prev*
